WOMEN PROTEST IN GASOLINE MATTER

SAY PROHIBITION OF THE USE OF STOVES WOULD GREATLY INJURE

Both Physical and Financial Welfare. Fires Not Due to Stoves, But to the Careless Use of Gasoline in Cleaning—Propose Restrictions.

Councilman Devine has brought a storm of protest upon his head from women in the city since his request on Tuesday night that the City Attorney look up the law, and, if possible, draft ordinances prohibiting the use of gasoline stoves in the city.

The women protest because they say that the expulsion of gasoline stoves from their kitchens would work great physical hardship as well as compel an increase in domestic expenses that would embarrass many. They contend that with a good gasoline stove and care of the most ordinary kind the danger of accident resulting from its use is highly remote, not being as great this kind of weather as are the sparks flying from chimneys under which wood fires are burning.

One housekeeper in expressing herself yesterday said that it would be almost impossible to stand over a wood stove this summer and cook without the accompaniment of serious physical injury. "Even the heat thrown off by a gasoline stove is almost too much to bear at times," she continued, "and I would just have to quit cooking if they took my gasoline stove from me. When the Councilmen stop to think about it and realize the great discomfort a law such as they propose would work I am sure that they will conclude that there is not a building in town that law with as much as the comfort and health of the women of the city who use gasoline stoves, and I do not believe that they will then pass the law. Beside these things in connection with the use of gasoline stoves, look at the price of wood. Why, if some of the people of the city had to burn wood all the year around at the present tremendous prices one has to pay for it, there would be some who could not afford to keep house. When the Mexicans were bringing wood in from the hills the prices were kept down some, but now they are almost prohibitive."

Discussion of the matter in the city has brought out the fact that the numerous fires that have been had in the last several months as the result of gasoline explosions are chargeable in an exceedingly small percent to stove explosions or accidents about stoves. With exception of two cases, in which damage done was very small, the gasoline explosions that have occurred have been due to carelessness of people cleaning clothes with the stuff in close proximity to fires or lamps. It is understood that a petition is to be circulated among the women in the city making protest to the Council against the proposed ordinance and suggesting that if any step is deemed necessary in the matter it be put in the shape of an ordinance providing for the inspection of gasoline stoves and the prohibition of the use of gasoline for cleaning purposes in any room where there may be fire of any sort.

LEWIS AND VARNEY MEET SUNDAY NIGHT

BIG FELLOWS WILL GO TO IT AT THE OPERA HOUSE FOR \$250 A SIDE.

Lewis Winner of Over 400 Meetings. Varney People Have the Same Old Confidence in Favorite — Other Sporting Notes.

Once more is Sid Varney to tackle a wrestler of merit who is not without backers in the city. The man who will next try to down Varney, where others have so far failed, is Frank S. Lewis.

Lewis is ex-champion middleweight wrestler of the world. He arrived here last night from Los Angeles, where he went a few weeks ago from Salt Lake. He will go on the mat with Varney at the Opera House Sunday evening. Indications are that there will be a large crowd present to witness the event.

Lewis has in his time stepped on the mat over five hundred times to meet opponents from every part of the world. Of the 500 odd meetings he has won over 400. He says that he thinks he will win another here. If he does not, it will not be for lack of trying or for lack of exercise of wonderful muscular development the man has. Varney is as usual sawing

Frank S. Lewis, ex-champion middleweight wrestler of the world, who arrived in the city yesterday for meeting with Sid Varney on Sunday evening.

wood, but he has not sized his man up for anything easy, and will have himself well in hand when he goes on the mat Sunday night.

Lewis is widely known throughout the West and has a great many admirers. Some of them are here. They stand with him because of past performances they have witnessed, from which they make the judgment that Varney is up against the hardest proposition he has ever tackled. It is quite likely that there will be considerable money change hands on the event. The Lewis people have cash to back their confidence with, and are going to do so. There is always Varney money ready to take up that of anybody else who may happen along.

The Bisbee team will have for their opponents next Sunday the strong Douglas nine. These teams have played six games so far this season. Bisbee winning three, Douglas two, and one finishing a tie. Martinez will do the twirling for Douglas, and Nash will be on the rubber for the home team.

On the Fourth Cananea will play the home team, and a good game may be expected.

Captain Malcom, who left Bisbee some two weeks ago to visit his brother, who was seriously sick in Colorado, has returned to Bisbee.

THOUGHT MORE OF DOG THAN HUSBAND

MEXICAN WOMAN LET MAN GO RATHER THAN LEAVE ESCAPED CANINE.

Crowd at E. P. & S. W. Depot Witnessed Occurrence Last Evening That Was Amusing to All Except Principals.

Leaving her husband was apparently a very slight matter, but leaving her dog was not to be thought of. A Mexican woman, surrounded by an amused crowd at the E. P. & S. W. depot last evening, figured it out that way.

Man and wife and a yellow dog came to the depot to take No. 4 for Douglas at 5:45. They put their baggage in the hands of the baggage master and got checks therefor, the woman taking possession of the latter. When the train came in the woman put the dog in the baggage car and with her husband got on the train. As she reached a seat in the latter she caught a glimpse of the dog making up the street, the animal having jumped from the baggage car into which he had been put without a rope. The woman immediately got off the train and sent a couple of Mexican boys after the dog.

The husband came on the platform of the car and tried to persuade the woman to come back on the train. She angrily rebuked him for presuming that she would do anything of the kind before her dorgie returned. Meantime the train crew had about got matters in shape for departure, and the woman was informed in Conductor Tom Purcell's choicest Mexican lingo that if she did not get aboard she would be left. The woman angrily proceeded to the baggage car when the conductor had informed her that he could not wait for the dog, and demanded her baggage. She had the checks and got the stuff, the train being delayed a minute by reason of the necessity for holding it until the baggage could be thrown off. The husband stood on the platform and meekly saw his possessions, included with the woman's, separated from him. He remained on the train, however, and departed with it. The woman took the baggage and went in search of the dog.

a cracker-jack, having played on the University of Michigan for several years.

Jimmy Britt and Kid Sullivan are matched to fight the 28th of July for the lightweight championship of the United States. Britt is the favorite at odds of 10 to 8.

Yale won the intercollegiate baseball championship by defeating Harvard in the last game of the series before 15,000 cheering spectators. It was a typical commencement crowd, and the "old grads," to the number of several thousand, made the afternoon and night merry with their cheers and songs.

The American tennis team over in England are winning laurels everyday, and will bring back with them no doubt the championship trophies.

The famous old yacht Puritan, which defended the American cup against the Genesta in 1885, was sold at auction yesterday for \$1,025.

Called Back by Telegram—Dr. Biedsee arrived in the city yesterday from Los Angeles and coast resorts, where he was spending his vacation. He returned before his vacation season had expired because of a telegram announcing the serious illness of Dr. Edmundson with typhoid fever. Dr. Edmundson has been sick several days, suffering a virulent attack of fever. Last night his condition was reported to be improved.

BRIEF CITY NEWS

Special Police—Marshal Snodgrass will appoint four special policemen to serve on the Fourth of July. Messrs. Hill, Clark and Spaulding have already been chosen, the fourth man remaining to be found.

On Perjury Case—Mayor Taylor, John Curry, A. E. Daley, C. Claffen and Martin O'Hare were among passengers out of the city last evening for Tombstone. They go there with reference to a perjury case to be tried today in the District Court. The case is the outgrowth of an action heard at a previous term of court with regard to title to a mining claim in this district.

To Resume Bulletin Board—The bulletin board service at the E. P. & S. W. depot, which has been suspended recently because of the change into the new depot, will be resumed at once. Agent McNair yesterday gave orders for the placing of a new board outside the depot on which the time of all trains will be marked for the convenience of the public.

Returns From Northeastern—Walter Douglas returned to the city last evening from the trip of inspection upon which he went to the Northeastern railroad and coal field properties recently acquired by Phelps-Dodge. Others on the trip were Dr. Douglas, Dr. Ricketts, Superintendent Lee, of the smelter at Douglas, and H. J. Simmons.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
